Steve Miller Band, Wide River

(Chris McCarty and Steve Miller)

Wide river She opens her mouth to the sea Singing dear, dear ocean, now Here is a kiss from me

And she runs like a river to the setting sun She runs like a river that has never been won She runs like a river that will always be free

Wide river Carry me back home To the place I love That I call my own

And we can run like a river to the setting sun Run like a river that has never been won Run like a river that will always be free

Wide river
Do you remember me
It was not so long ago
That you set me free

And now I run like a river to the setting sun I run like a river that has never been won I run like a river that will always be free

Come on baby Let's run in circles Come on darling let's circle each other And find the love, all the love that we need

Come on baby, let's circle each other Well, we can do, do for each other I'll do for you, and you'll do for me

And we can run like a river to the setting sun Run like a river that has never been won Run like a river that will always be free

And we can run like a river to the setting sun Run like a river that has never been won Run like a river that will always be free

And we can run like a river to the setting sun Run like a river that has never been won Run like a river that will always be free
