

Steve Winwood, Hungry Man

Hot desert wind, burning sand
But this land it is my land
Wait by the well, rain don't come
River's dry, pray for my son
I'm just one, one more poor hungry man
Yes, I'm just one more poor hungry man

Sun in the sky hurts my eye
Mouth all dry, may God help me
Wait by the road, man don't come
Rice all gone for thirty miles

I'm just one, one more poor hungry man
I'm just one, one more poor hungry man
Yes, I'm just one more poor hungry man
I'm just one, one more poor hungry man

Shout at the truck passing by
No reply, dust in my mouth
Somebody soon find me here
Drowning here in baby's tears

Love in the world hear me soon
Save us all and save my child
Birds in the skies flying low
Baby no, his tears all dry

I'm just one, one more poor hungry man
I'm just one, one more poor hungry man
Yes, I'm just one more poor hungry man
I'm just one, one more poor hungry man

I'm just one, one more poor hungry man
Yes, I'm just one more poor hungry man
I'm just one, one more poor hungry man
Yes, I'm just one more poor hungry man
