

# Steve Winwood, Real Love

In my life there was emptiness  
Where I was going I couldn't guess  
Then one day into my life you came  
And from then on nothing seemed the same  
You gave me strength when I thought I could be wrong  
Hey now I know right here is where I belong - with your  
Real love to hold on to  
Real love to pull me through  
And I know with all my heart  
Here I'm gonna stay  
Here I'll always stay inside your real love  
You make things right with no uncertainty  
I know this kind of love will always be realized  
And I'm now quite sure that  
Real love is what we all are looking for  
Now I'm ready to be just what you want me to  
With you right here to guide me through - I need you  
Just to have a soul mate  
To make things right when all senses fail  
True love is a hard found thing  
Now I feel it and I need it always
