

Steve Winwood, Silvia (Who Is She?)

Silvia, who is she, what is she? We wonder
Flames with praise acclaim her
Of wisdom and beauty and grace has lent her
That she might admired be
Silvia, I can see wisdom in your eyes
Silvia, love will be your cure to devise
Silvia, I was blind but saw the way clear
Silvia, with your help our whole world is here
Silvia

In a song of Silvia, then always remember
She compares to no one
Transcending every mortal being
From our earthly dwelling we bring her
Our song of love

Silvia, I can see wisdom in your eyes
Silvia, love will be your cure to devise
Silvia, I was blind but saw the way clear
Silvia, with your help our whole world is here

Silvia, I can see wisdom in your eyes
Silvia, love will be your cure to devise
Silvia, I was blind but saw the way clear
Silvia, with your help our whole world is here
Silvia, Silvia, yeah, yeah, yeah, yeah
Silvia, Silvia, yeah, yeah, yeah, yeah
