

# Stiff Little Fingers, Be Seeing You

Scams and lies and alibis  
Are all your stock in trade  
Spin me round, I'm upside down  
And I don't know the date  
I feel outsmarted deceived and deluded  
Completely inverted and unaware  
Of all the changes and most of the dangers  
Yet I've reached the stage where I just don't care

[Chorus:]  
I tried to believe in you  
I was only deceived in you  
So now I'll be leaving you  
I guess I'll be seeing you

Subterfuge divide and rule  
Are all your favorite games  
Plans and ploys are basic toys  
To realise your aims  
I tried to hold on just try to hang on  
Try to pretend we could get somewhere  
But you're so intent on some pointless diversion  
We soon reached the point where I just don't care

[Chorus]  
Well, if it ain't one thing  
Then it's another  
First you cut me cold  
Then you're my long lost brother  
But I know I can't go on much longer  
With the way things are  
'Cos I'm that much stronger!

[Chorus]
