

# Stiff Little Fingers, Dead Of Night

Walk the streets at midnight  
As the rain pours down and freezes on the ground  
Lean against a street light  
Try to work out where it all went wrong  
I can see you in my mind's eye  
I have no choice  
I can hear you in the wild wind  
I hear your voice  
Your voice

Can't believe it's over  
I can't believe that I walked out the door  
A misplaced sense of honour  
Led me to believe I knew the score  
I can see you in reflections  
You're there all the time  
And if only you would let me  
I'd change my mind

[Chorus:]  
In the dead of night  
(I would be there for you)  
I'd be on your side  
(My help would see you through)  
Trust in me don't cry  
(There now you'll be all right)  
In the dead of night

It happened all so quickly  
One day we were there and now we are gone  
I wish that you'd forgive me  
Now I know that I'm the one who's wrong  
Can't believe I'm so stupid  
I would not see  
That you never gave up trying  
Or loving me

[Chorus]

And I couldn't blame you now  
If you didn't want me back  
No I couldn't blame you now

Walk the streets at midnight  
As the rain pours down and mixes with my tears  
And I know I've no right  
To try to see you after all these years  
But you're always with me  
I have no choice  
And I know I'll remember  
And I'll hear your voice

[Chorus]
