

# Stina Nordenstam, So This Is Goodbye

So this is goodbye  
So this is how you say it  
These are the words It's the voice you're using  
It's the picture you've seen  
So this is goodbye  
So this is how you say it  
This is the time it takes you  
It didn't take you a lot now did it?  
It didn't hurt you a lot now did it?  
So this is goodbye  
So this is how you spell it  
Where you place it in your mouth  
What happens if I didn't hear you?  
What happens if it wasn't serious?  
Well I was around  
Maybe it was you I came to see  
Maybe it was you who invited me  
I remember your eyes were on me  
I remember your eyes were on me  
Goodbye
