

Stina Nordenstam, The Diver

Look up don't look down
Now's the time
Don't look down
Look up, face the sun
Breath and climb
Don't look down
Love is hard to get
But don't give in
Not now not yet
You will get hurt
You will get wet
And what you win
You'll lose and yet
Look up don't look down
He's watching you now
Feel his eyes
In your back
In your step
In your fall
Feel his eyes
Love is hard to get
But don't give in
Not now not yet
You will get hurt
You will get wet
And what you win
You'll lose and yet
Look up don't look down
He's watching now
Feel his eyes
