Stina Nordenstam, Until

'Til you give up
'Til you give in
Stop the car
turn off the engine
Wake up at night with a pounding heart

'Til you go down Loose your head Step unconscious from your bed Until you walk from bar to bar

Until
Until you're scourged
Until you're snared
Reminded by the clothes you wear
Galled and sticky with desire

Until you bleed Until you cry Until you hurt as much as I

Until 'until' electrifies your ragged face your sleepless eyes
