## Stone Sour, Through Glass

I'm looking at you through the glass... Don't know how much time has passed Oh, god it feels like forever But no one ever tells you that forever Feels like home sitting all alone inside your head

How do you feel? That is the question But I forget.. you don't expect an easy answer When something like a soul becomes Initialized and folded up like paper dolls and little notes You can't expect a bit of hope So while you're outside looking in Describing what you see Remember what you're staring at is me

Cause I'm looking at you through the glass... Don't know how much time has passed All I know is that it feels like forever When no one ever tells you that forever Feels like home, sitting all alone inside your head

How much is real? So much to question An epidemic of the mannequins Contaminating everything When thought came from the heart It never did right from the start Just listen to the noises (Null and void instead of voices) Before you tell yourself It's just a different scene Remember it's just different from what you've seen

I'm looking at you through the glass... Don't know how much time has passed And all I know is that it feels like forever When no one ever tells you that forever Feels like home, sitting all alone inside your head

And it's the starrrsss The sttarrrsss That shine for you And it's the starrrsss The sttarrrsss That lie to you.. yeah-ah

I'm looking at you through the glass... Don't know how much time has passed Oh, god it feels like forever But no one ever tells you that forever Feels like home, sitting all alone inside your head
