

Stonewall Jackson, Let's Call It A Day

There is no doubt you've been untrue you're stepping out with someone new
Your love has gone I cannot stay no need to cry let's call it a day
The love we knew is in the past once it was true but didn't last
It just ain't right to live this way dis-satisfied let's call it a day
[steel]
It seems that we just can't agree the life I want can never be
I won't pretend it just don't fail it only hurts let's call it a day
The plans we made are overdue just hopeless dreams that won't come true
There's nothing more for me to say so here's to you let's call it a day
