

STORMZY, STILL DISAPPOINTED

o!

Wiley man, I am still disappointed

Aigh, one more dub
then it's back to business
I am a real G
and your dad's a witness
Boy'd your bro, then your sister begged it
I told that little bitch
Don't ask for picture!
I do this thing for fitness
put them Cowie boys in rizzlas
Fallouts at the next family functions
The Cowie's are gonna have an awkward Chrostm
so wjhy you love to talk about mum so much?
Where's yours?
Let me just low it
Let me pause
No fuck that man, I gotta dun the virus
Oi Wiley you shoulda been the one to guide us

but since you wanna diss my mum so much
let's tak about why you movet your mum to Cyprus
that poor little woman was scared of the house
'cah you put ther life in danger your prick
Brixton shots just filed through to save her
you prick /2x
instead of you to squeeze the pumpy
you said: Yo mum, we gotta leave the country
I never wanna hear you say
Free the mandem
let's go Cyprus and go free your mumzy
got mumzy banged up abroad
all because her son was a fraud
was a fraud
can't handle this
so she handles dick like I handle the war
like I handle the war
whore!
