

# Strangelove, Someday Soon

Shut up  
You're way down boring  
All you got are modern stories  
All about the money rolling  
And your crank possession holdings  
Back off  
You don't know me  
I don't care for modern talking  
You just don't wanna buy me baby  
And I think you're a cockroach for trying  
Someday  
Someday soon  
Life's gonna catch up  
On you  
Someday soon  
Someday  
Someday soon  
It's all gonna crash down  
On you  
Someday soon  
But your money won't see you through  
Gonna lose it all  
Gonna lose it all  
It's coming soon  
Someday soon  
Hands off  
You don't impress me  
Neither do your jewels undress me  
Or your car to drive me home  
As your diamond studded clown  
Back off  
You don't get me  
Neither does your gold possess me  
You just don't wanna buy me baby  
Take me around on a lead  
Someday  
Someday soon  
Life's gonna catch up  
On you  
Someday soon  
Someday  
Someday soon  
It's all gonna crash down  
On you  
Someday soon  
But your money won't see you through  
Gonna lose it all  
Gonna lose it all  
It's coming soon  
Someday soon  
You're gonna lose it all  
Gonna lose it all  
It's coming soon  
Someday soon
