

# Stratovarius, Millennium

More that I live More clear its each day.  
We got to change our ways.  
There is no way to go back anymore.  
Eons rumble through space.

We must find new ways to live.  
I know theres so much more to give

Millennium - Where do we go?  
Millennium - Time will show  
Forevermore - The light will be guiding our journey  
Millennium - Show us the way  
Millennium - To the new day  
Forevermore - Give us a chance to change

People may come and people may go  
But dance of time is eternal.  
What is the meaning of this cosmic play?  
Will we see another day?

We must find new ways to live.  
I know theres so much more to give

Millennium - Where do we go?  
Millennium - Time will show  
Forevermore - The light will be guiding our journey  
Millennium - Show us the way  
Millennium - To the new day  
Forevermore - Give us a chance to change
