

Stream of Passion, Open Your Eyes

Tell me what
I could have said or done
to hold you back?
All the love I gave was not enough...
Forever I'll walk alone.
My body froze
as I saw you fall
(falling down).
One single step
saw you give your heart to the Earth,
down below.
Open your eyes and look at me,
I'm alone here.
All at once
the wind has changed its song
to a wailing cry;
as it seems to call my name I know
forever I'll walk alone.
