

Stream of Passion, Out In The Real World

Ive hidden wishes for so long,
buried deep inside,
keeping them secret from a world
Thatll never realize
The way I dream.
Puedo ver esos ros de luz
escapar de mi piel, hacia la fantasia.
Out in the real world
You are waiting to take my hand,
Ill be looking for answer
That leads me back.
I lack the will to face my fears
Im running from it all.
And all the painful memories,
They haunt me once again
Im giving up...
Puedo ver esos ros de luz
escapar de mi piel, hacia la fantasia
Out in the real world
you are waiting to hear my call;
through a river of illusions
you saw me fall
Out in the real world
you are waiting to take my hand,
Ill be looking for answer
That leads me back
Outside
Back in your arms
No matter how hard it may seem
We should never hide
The little things that make us real
Show them who we truly are,
We will in time
Out in the real world
you are waiting to hear my call;
through a river of illusions
you saw me fall
Out in the real world
you are waiting to take my hand,
Ill be looking for answer
That leads me back
Puedo ver esos ros de luz
escapar de mi piel, hacia la fantasia.
Hay en m tanto temor,
tanto mal que ocultar.
