

Stretch Arm Strong, Defect (Guest Vocal Erin Farley)

Alienation has forced me from this place.
Sorrow and disgust burned me upon my face.
Ashamed of my culture.
Betrayed by my race.
Labeled as a traitor.
Let me leave this place.

Defect.
I stand in defiance.
Defect.
Let me stand alone.
I'll blaze this darkened path.
Pushing into the unknown.

I never wanted any of this.
I never chose this way.
Forced into a losing condition and there's no escape.
Compromised morals.
Declining value systems.
I defect to resist this evil institution.

Defect.
I stand in defiance.
Defect.
Let me stand alone.
I'll blaze this darkened path.
Pushing into the unknown.

I stand in defiance.
Let me stand alone.
I will defect.
Defect!
