Stretch Arm Strong, When Sorrows Fall

it's okay for me to say i love you and it's okay for you to cry the sorrow that you are feeling you should not deny so why is it so trying to express the way i feel? iust one moment you steal just one moment just one just one moment just one just one moment you steal(2x) i still care and i still feel time and again it's all too real separate and detached myself i was running from all the pain i felt I was questioning the way I am and the things with which i've dealt somewhere in the foothills of my mind i know my ways just aren't right they're not right so i'll shrug it off and wear a grin i'll carry on and just pretend i still care i still feel time and again it's all too real
