Styx, Don't Let It End (Reprise)

(Dennis DeYoung)

I am the modren man With this guitar in hand I'll do my best and try To keep rock and roll alive ...Keep it alive ...Keep it alive ...Keep it alive...

Don't let it end Don't let it end Don't let it end Don't let it end

I'm gonna keep on rockin' all through the night Shake it, shake it, baby, 'cause it feels so right Motivate your body, gonna cure your soul Keep on rockin' 'til I lose control

Don't let it end
I shake to soul music
Don't let it end
I gotta gotta have that music
Don't let it end
Chuck Berry
Don't let it end
The Platters
Don't let it end
Little Richard - ahoo!
Don't let it end
[repeat to fade]
