

Styx, Just Get Through The Night

Written by tommy shaw
Lead vocals by tommy shaw

[whispered]

"help me kilroy...tonight we'll make history"
"i hear you jonathon...meet me at the paradise";

This could be the longest night in recorded history
And as for sleep, you might as well just cross it off the list of
Possibilities

(now) I'm as brave as the next man
I won't turn and run from a fight
And I could last a million years
If I just get through this night

I could be a novelist
Tell secrets never heard
Pour my soul into each and every sentence
But I just can't find the words
Still I know that you're out there
And you can relate to it all

And I could bear the cold and stormy winter
If I just get through this fall

Don't you know there's no place on this earth
Where you can run to escape the pain of a broken heart
It's useless to spend the time it takes you try
But can't you see that I'm here
And I'm looking just the same
And I don't know why...

I could be a movie star
The king of hollywood
Make them cry, dramatically pretending
To keep romance alive
And I would humbly thank my director
And everyone involved from the start
I could blow them all away
If I'd only find the the part
If I just get through this night
If I just get through this night
