

# Styx, Light Up

(Dennis DeYoung)

Light up everybody  
Join us in this celebration  
Light up and be happy  
Sweet, sweet sounds will fill the air

Every day's a holiday when your lips meet mine  
The music's keepin' time with our love  
You are here, and so am I  
The weather's quite divine  
So pass me round your wine, lovely one

All I need is just one hit to get me by  
'Cause baby when your near I'm halfway high

Light up, everybody  
Join us in this celebration  
Light up and be happy  
Sweet, sweet sounds will fill the air
