

# Styx, What Has Come Between Us

(Mark Gaddis)

look at all the people  
looking at their dreams  
smiles upon their faces  
tell me what they see

look at all the people  
have they gone astray?  
living for tomorrow  
with dreams of yesterday

lovely lady  
tell me what you feel  
as a child were you mild  
does it make it so unreal?

lovely lady  
feel so insecure  
when you give all yourself  
how can you be sure?

what has come between us  
what has made us sad  
childhood's forgotten  
yet it's hiding in the past

what has come between us  
there's something in ourselves  
lines upon our faces  
saying no more time for rest

lovely lady  
tell me what you feel  
as a child were you mild  
does it make it so unreal?

lovely lady  
feel so insecure  
when you give all yourself  
how can you be sure?

lovely lady  
tell me what you feel  
as a child were you mild  
does it make it so unreal?

lovely lady  
feel so insecure  
when you give all yourself  
how can you be sure?

lovely lady  
feel so insecure  
when you give all yourself  
how can you be sure?

lovely lady  
tell me what you feel  
as a child were you mild  
does it make it so unreal?

lovely lady  
feel so insecure

when you give all yourself  
how can you be sure?
