

Styx, Why Mes

Written by James Young, Dennis DeYoung

Lead vocals by Dennis DeYoung

Your loving seemed to be the best thing

That I ever had

Your loving seemed to be the best thing

That I ever had

Your loving seemed to be the best thing

That I ever had

Your loving seemed to be the best thing

That I ever had

Silk and satin make me wonder

Just who I am

To be with you in times of slumber

Makin' me a man

I haven't known you for a very long time

But it's on my mind what I want to do

A trip to the skies we begin to fly

Oo-oooh

All the riches I have taken

From you every night

Pay you back someday with interest

'Cause your loving makes it right

Yeah

Your loving seemed to be the best thing

That I ever had

Your loving seemed to be the best thing

That I ever, ever had

Oh yeah

Best thing

(repeat to fade)
