

Sublime, What Happened?

What happened?

Wake up in the morning,
clock says half past one
I have no sunglasses
As I step into the sun

There's no recollection
of the evil things I've done
My head feels like I musta' had some fun

What happened?

Last thing I remember
I was chillin at a party
Pinching girlie's asses
I was drinking recklessly

I know I did something
Lord what could it be
Woke up in the morning
And all my friends hate me

What happened?

What I'm I doing here
Who is this girl in my bed
What is this shit on my face
My God, what is that awful smell

[Chorus]

She may be an angel
She may be a queen
She might be black, white, American, Indian or Japanese
Thru a bottle at a bouncer
Didn't think that he was cool
Pissed in someones drink
And thru a bike into a pool

Driven down the side walk
Like a crazy possessed fool
I broke every single traffic rule.

What happened?
What happened?

Let's go

[Chorus]
