

Subliminal Substances, Faceless

No figure I can see
There's a black space within
The only thing I can see
Is black distorted memories
I don't want to hear no more
I'll just try fucking in off
Not to see you anymore
Not to see you anymore

You can not breathe above my head

Chorus

You faceless motherfucker

Now is the time for me
Not to be listening
To all the stupid fucking things
You were used to lay in me
Cuz am tired of
Wasting my time with you
A fucking shit like you
Deserves a fucked up life too

You can not breathe above my head
I know I'll find hypocrisy
But am just sick of it
And I won't swallow it
Cuz am tired of
Hearing someone like you
A fucking shit like you
And am burning into
I don't care a lot
And I will see your fur
Instead of make you sick
Doesn't make you sick?
C'mon!!!!!!

Chorus
