

Sueco, POS

you're a piece of shit
no one cares if you go missing
you could jump right off a bridge
and the world would not be different
cause you're just a waste of space
no one likes you anyway
fuck your therapy you'll never be okay
SHUT THE FUCK UP

voice in my head is my own worst critic
maybe it's a product of my bad decisions
woke up face down in the damn kitchen
2 shots 2 many past my limit
happiness seems so far away
but it get closer off the chardonnay
tryna make sense can't concentrate
with a voice in my brain screaming every day

you're a piece of shit
no one cares if you go missing
you could jump right off a bridge
and the world would not be different
cause you're just a waste of space
no one likes you anyway
fuck your therapy you'll never be okay
SHUT THE FUCK UP

maybe it's a product of the girls i'm picking
always been good at making bad decisions
shouldn't get involved with these stank ass bitches
that's just the type that pique my interest
couple screws loose she a basket case
tryna cut her off but the ass is great
probably better off if i masturbate
when she up in my face screaming every day

you're a piece of shit
no one cares (if you go missing)
SHUT THE FUCK UP

you're a piece of shit
no one cares if you go missing
you could jump right off a bridge
and the world would not be different
cause you're just a waste of space
no one likes you anyway
fuck your therapy you'll never be okay
