

# Suede, Instant Sunshine

Happiness is in your head  
Emptiness a skin you shed  
Cos the summer stone is getting louder  
It's kicking like a goosestep in your mind  
Everybody smiles cos we shock the winter  
Everybody sits round to watch the sky

Cos all you need is sunshine  
Instant sunshine  
Instant sunshine

Happiness is in your mind  
Nothingness so far behind  
Cos behind the clouds is a piece of heaven  
And heaven has sent them to drift on by  
Everybody smiling 24/7  
Everybody feels like a special guy

Cos all you need is sunshine  
Instant sunshine  
Instant sunshine

A special special sunshine  
Instant sunshine  
Instant sun sunshine
