

Suede, Love The Way You Love

i love the way you love love me baby
love the way you love love me baby
love the way you love me baby

i watch the sky and i watch the rain
i count the drops dripping down the drain
takes 30 seconds to talk about my day

i sit and watch you on a video screen
your legs and faces in a magazine
your endless places so endlessly obscene

i love the way you love me baby
love the way you love me baby,
love the way you love me baby

i change the channels and rot my mind
i fantasise that you're really mine
i step into the page and feel alive

i analyse our relationship
i count the cost of the broken bits
i'd call you up but i don't know where you live

i love the way you love me baby
love the way you love me baby
love the way you love me baby

i love the way you love love me baby
love the way you love love me baby
love the way you love me baby

i watch the sky and i watch the rain
i count the drops dripping down the drain
takes 30 seconds to talk about my day

yes i love the way you love me baby
love the way you love me baby
love the way you love me baby

i love the way you love love me baby
love the way you love love me baby
love the way you love me baby

i love the way you don't love me baby
love the way you won't love me baby
love the way you love me baby
