

# Suede, Morning

Sleepy head get out of bed  
Big bad world is calling  
Step in your shoes and catch the news  
It's another morning

Morning,  
It's morning  
Morning,  
It's morning again

Rub your eyes as nature sighs  
The population's yawning  
Just step in your shoes there's so much to do  
It's a brand new morning

Morning,  
It's morning  
Morning,  
It morning again

And all around this cardboard town  
The cops are crawling  
The sirens scream and break your dreams  
It's morning

It's morning  
It's morning
