

# Suede, The Power

Through endless Asia, through the fields of Cathay  
or enslaved in pebble-dash grave with a kid on the way  
If you're far over Africa on the wings of youth  
or if you're down in some satellite town and there's nothing you can do

Just give me, give me, give me the power  
And I'll make them bleed  
Give me, give me the power  
(Although I'm just the common breed)

You might live in a screen kiss, it's a glamorous dream  
Or belong to a world that's gone, it's the English disease

But give me, give me the power  
And I'll make them bleed

Give, give me, give me the power  
(Although I'm just the common breed)
