

Sugababes, Sometimes (Demo)

Chorus

Some (some) times (times)
I wonder if we should still be together
Some (some) times (times)
Well it makes me cry
Cos we had such good (good) times (times)
Wherever they go they have gone forever
Some (some) times (times)
Well it makes me cry

I always felt that you were the only one
Like a fairytale that would never end
And had just begun
But then I had a sudden change of mind
Were you true exclusively mine
Would you always be there for me?
Would you always be there for me?

Boy you should know that I didn't mean to go and break your heart
I didn't mean to break your heart
I didn't mean to break your heart

Chorus

Some (some) times (times)
I wonder if we should still be together
Some (some) times (times)
Well it makes me cry
Cos we had such good (good) times (times)
Wherever they go they have gone forever
Some (some) times (times)
Well it makes me cry
