

# Sugar, After All The Roads Have Led To Nowhere

Just the thought of losing you  
Is much more than I can take  
Tell me I'm not going crazy  
Tell me that I'll be OK  
After all that we've been through  
Don't you see the big mistake you're making?  
Tell me I'm not going crazy

After all, I guess we're going nowhere  
After all, the road still leads to nowhere  
After all the promises are broken  
After all the after alls are spoken

Ask you where you want to go  
I see you walking to the door  
Don't you know that door is going nowhere?  
Then I thought I heard you leaving  
Wake me up I'm still dreaming  
Don't you see the big mistake you're making?

After all, I guess we're going nowhere  
After all, I didn't want to go there  
After all the hearts are set to breaking  
After all this time I've been mistaken

Even still, I think of losing  
Everything I think is sure  
There's no simple remedy  
It's something that we all endure  
Be glad for what you've got  
Don't take anything for granted  
It's something after all

Just the thought of losing you is all  
After all the roads have led to nowhere
