

Sugar Ray, She's Different

She was a crazy girl
She's from a different world and
I don't care
She cashed her check at 2
Her rent was overdue 'cause he's not there

Sing for me, sing for me
Show me the way
Sing for me, sing for me
'Cause you're goin' away
And if you're goin' away
I just don't know what to say
You're time was wasted
All you had to do was stay

Hey Mr. Officer
Please let me talk to her take her home
Sometimes it's hard to see
Impossibilities unknown

Sing for me, sing for me
Show me the way
Sing for me, sing for me
'Cause you're goin' away
'Cause if you're goin' away
I just don't know what to say
You're time was wasted
All you had to do was stay
(Teardrops, they fall, out of, the sky)
She's goin' away...
