## Sugarcult, Counting Stars

Hey, I wanna crawl out of my skin Apologize for all my sins All the things I should have said to you Hey, I can't make it go away Over and over in my brain again All the things I should have said to you

(Chorus)
Counting stars wishing I was okay
Crashing down was my biggest mistake
I never ever meant to hurt you
I only did what I had to
Counting stars again

Hey, I'll take this day by day by day Under the covers I'm okay I guess Life's too short and I feel small

Counting stars wishing I was okay Crashing down was my biggest mistake I never ever meant to hurt you I only did what I had to Counting stars again

Counting stars again (5x)
