Wake up all alone  
Sending postcards back to home  
On the road

If the medication works  
Could I be the way I was?  
In control

You painted a picture  
I'm the worst type of sinner  
You know

You painted a picture  
Happier than I can afford

Nobody can save me  
Nobody can save me  
Nobody can say what I'll do if I'm alone
