

Sugarland, Time, Time, Time

Time, Time, Time
(Kristin Hall/Kristian Bush/Jennifer Nettles)

I was on a fast curve, lost my nerve on a dead end road
I was goin' nowhere faster than two legs can go
Never thought I'd slow down
I'm glad I finally know now

That's life, if you open up your eyes
You'll find it gets better all the
Time, time, time

I never really noticed when he moved in next to me
Sometimes it's amazing just how blind a girl can be
If I weren't busy runnin'
I might have seen it comin'

That's life, if you open up your eyes
You'll find it gets better all the
Time, time, time

Running out of time, I'm runnin' away
I'm running out of ways of running away
Got to slow down, if you don't, you're gonna breakdown

I'm runnin' out of time, time, time

I was cooking dinner, heard a ring at my front door
I opened up and saw him, never felt like that before
The moment that our eyes met I knew I'd never forget
Sometimes the thing you most need is right there, but you can't see

That's life, if you open up your eyes
You'll find it gets better all the
Time, time, time
