Sugarland, Who Says You Can't Go Home

(feat. Bon Jovi)

Ive spent 20 years tryin to get out of this place
I was lookin for somethin i couldn't replace
I was runin away from the only thing I've ever known
Like a blind dog without a bone
I was a gypsy lost in the twilight zone
I hijacked a rainbow and crashed into a pot of gold

Ive been there done that and I aint lookin back on the seeds Ive sown.
saving dimes, spending too much time on the telephone....
who says you cant go home

who says you cant go home
theres only one place they call you one of their own
Just a hometown boy born a rolling stone
who says you cant go home

who says you cant go back been all around the world and as a matter of fact
theres only one place left i wanna go
who says you cant go home
its alright, its alright, its alright, its alright, its alright

i went as far as i could tryin to find a new face
There isnt one of these lines that i would erase
i left a million miles of memories on that road
every step i take i know that im not alone
You can take the home from the boy but not the boy from his home
these are my streets the only life ive ever known
Who says you can't go home

who says you cant go home
theres only one place they call you one of their own
just a hometown boy born a rolling stone
who says you can't go home

who says you cant go back been all around the world and as a matter of fact
theres only one place left i wanna go
who says you cant go home

Guitar(solo)

Dosent matter where you are
Dosent matter where you go
If its a million miles away
or just a mile up the road
take it in, take it with you when you go
who says you can't go home

who says you can't go back
been all around the world
and as a matter of fact
theres only one place left i wanna go
who says you cant go home
its alright, its alright, its alright, its alright, its alright

who says you cant go home
its alright, its alright, its alright, its alright, its alright

who says you cant go home
its alright, its alright, its alright, its alright, its alright

Who says you cant go home!
