

Suicide Commando, Cause Of Death: Suicide

One death
One try
Are you sure?
Do you really want to die?
One life
One cry
Go away
Your nothing but a lie
One shot
And you'll die
In the head
In the center of the eyes
One gun
One try
My God
Do you really want to die?
Do you really want to die?
One death
One try
Are you sure?
Do you really want to die?
One step
One try
On the edge
Do you really want to try?
One tempt
One cry
I can't cope
I no longer want this life
One rope
One try
My god
Do you really want to die?
Do you really want to die?
Do you?
