Suicide Commando, Cause Of Death: Suicide

One death

One try

Are you sure?

Do you really want to die?

One life

One cry

Go away

Your nothing but a lie

One shot

And you'll die

In the head

In the center of the eyes

One gun

One try

My God

Do you really want to die?

Do you really want to die?

One death

One try

Are you sure?

Do you really want to die?

One step

One try

On the edge

Do you really want to try?

One tempt

One cry

I can't cope

I no longer want this life

One rope

One try

My god

Do you really want to die?

Do you really want to die?

Do you?
