

Suicide Commando, Cry For Mother

Mother,
What have I done ?
Just killed the one I loved
Mother,
These hands, this gun
After all the love has gone

No restraint,
Just pain, remove this cancer
No remorse,
Just die, revolt in anger

Mother

Mother
This must be hell
The blood recalls the smell
Mother
This can't be true
After all I did for you

No restraint,
Just pain, remove this cancer
No remorse,
Just die, revolt in anger

Mother

You didn't want me
You didn't need me
You didn't love me
You did abuse me

Mother
Cry for mother
