# Suicide Machines, Give

I've got a million things going around in my head
And i never really paid attention to what you said no
And now i wish that i would have said goodbye,
But its much too late, and all i do is give and all you do is take

You've gotta look before you leap
And take a good look at your so-called friends
Yeah, thats the company you keep
You've got words coming at you from all directions
You gotta look before you leap
And take a good look at your so-called friends
Yeah, thats the company you keep - they got the words, oh yeah

There's a lot of things that were never said
And if we'd grown up faster then i would have stood up
But I should have cut you loose a long time ago,
But its much too late and all i do is give and all you do is take

Well, there never was a time when you didn't try to lord me over,
Never was there a time when i felt bad for you whenever you had the chance,
The way i see it you tried to screw me over
Never was there a time when i wasn't there for you

They keep flying their flags
But they're never gonna understand
