

Suicide Silence, The Price Of Beauty

Holding you down by your throat
Just enough to keep your
fucking mouth shut
Can't stand to hear you scream god
Because he's not fucking here bitch
And how does it feel now?
Don't worry you're not
another rape victim
It's just me destroying
your beauty [2x]
And how does it feel now? [2x]
That I'm ripping out
All of the fake pieces
in your face [2x]
And what will you do now
Once all of your beautiful skin
Is in my pockets? [2x]
What cosmetic will fix this mess [2x]
Fix this mess [2x]
That is now your face?
Was this all worth it?
For your fake fucking beauty [2x]
The price of beauty was more
than you thought [2x]
How does it feel now? [2x]
The price [2x]
Was more than you thought
