

# Sum 41, We're All To Blame

Take everything left from me!  
All... to... blame!

How can we still succeed, taking what we don't need  
Telling lies, alibis, selling all the hate that we breed  
Supersize our tragedy (you can't define me, or justify greed)  
Bought in the land of the free (land, free)

And we're all to blame  
We've gone too far  
From pride to shame  
We're trying so hard  
We're dying in vain  
We're hopelessly blissful and blind  
To all we are  
We want it all with no sacrifice

Realize we spend our lives living in a culture of fear  
Stand to salute and say thanks to the man of the year  
How did we all come to this (you can't define me or justify greed)  
Agreed that we just can't resist (re-sist)

And we're all to blame  
We've gone too far  
From pride to shame  
We're trying so hard  
We're dying in vain  
We're hopelessly blissful and blind  
To all we are  
We want it all  
Everyone wants it all, with no...  
SACRIFICE!!!

Tell me now, what have we done?  
We don't know  
I can't allow what has begun to tear me down  
Believe me now, we have no choice left  
With our backs against the wall...

And now we're all to blame  
We've gone too far  
From pride to shame  
We're hopelessly blissful and blind  
When all we need  
Is something true  
To believe  
Don't we all?  
Everyone  
Everyone  
We will fall  
Cause we're all to blame  
We've gone too far  
From pride to shame  
We're trying so hard  
We're dying in vain  
We want it all  
Everyone  
Don't we all?
