

Sum 41, We're All To Blame

Take everything left from me!
All... to... blame!

How can we still succeed, taking what we don't need
Telling lies, alibis, selling all the hate that we breed
Supersize our tragedy (you can't define me, or justify greed)
Bought in the land of the free (land, free)

And we're all to blame
We've gone too far
From pride to shame
We're trying so hard
We're dying in vain
We're hopelessly blissful and blind
To all we are
We want it all with no sacrifice

Realize we spend our lives living in a culture of fear
Stand to salute and say thanks to the man of the year
How did we all come to this (you can't define me or justify greed)
Agreed that we just can't resist (re-sist)

And we're all to blame
We've gone too far
From pride to shame
We're trying so hard
We're dying in vain
We're hopelessly blissful and blind
To all we are
We want it all
Everyone wants it all, with no...
SACRIFICE!!!

Tell me now, what have we done?
We don't know
I can't allow what has begun to tear me down
Believe me now, we have no choice left
With our backs against the wall...

And now we're all to blame
We've gone too far
From pride to shame
We're hopelessly blissful and blind
When all we need
Is something true
To believe
Don't we all?
Everyone
Everyone
We will fall
Cause we're all to blame
We've gone too far
From pride to shame
We're trying so hard
We're dying in vain
We want it all
Everyone
Don't we all?
