

Summer Camp, Always

I'm not sure if it's right
But how could it be wrong
There's a shadow always behind us
And we knew it all along

And in the day, and in the day
And in the night
/3x

We'll always be together, we'll always be together /2x

And it rains all through the day
And the clouds will fill the sky
There is no getting away
And we know, both know way

And in the day, and in the day
And in the night
And in the day, and in the day
And in the night
And in the day, and in the day
And in the night

We'll always be together, we'll always be together /5x

I'm chained to you and you're chained to me
There's no other way it can be
I'm jealous of you, are you jealous of me
There's no other way I can be
And when I think of you, do you think of me
Do you see the way I see?
I'm chained to you and you're chained to me
There's no other way I can be

We'll be together, we'll be together /4x
