

# Summer Matthews, Rub Me

You got that somethin  
To give my heart this fever  
You're into stand up  
Oh baby watch this diva  
Sometimes predictable  
You know you want my number  
It's irresistable  
Oh baby watch and wonder

It's time for love  
It's just begun  
Relax boy  
Coz I'm the one  
Can't get enoughH  
I'm a loaded gun  
I'm waiting

Take me on a wild and raging river  
Put me in a storm and watch me ride  
Take me to your crib  
And lay me down right by your side  
You know you wanna rub me baby

Why.....pretty water

I'll tell you one thing  
Here goin undercover  
It's so good hiding  
Now that I got my lover  
It feels so natural  
I ask and you deliver  
We're so compatible  
Oh baby make me shiver

It's time for love  
It's just begun  
Relax boy  
Coz I'm the one  
Can't get enough  
I'm a loaded gun  
I'm waiting

Take me on a wild and raging river  
Put me in a storm and watch me ride  
Take me to your crib  
And lay me down right by your side  
You know you wanna rub me baby  
In the wild and raging waters  
Hold me in your arms and let me fly  
Take me to your heart  
And lay me down right by your side  
You know you wanna rub me baby

Repeat above....

Rub me baby..... Rub me right
