

Sunk Loto, 5 Years Of Silence

Why can't you see what you're doing to me
is gonna take more than 5 years of silence and drugs to repair
because you're blinded by greed
you've got the liars disease
I think emotional blackmail is fair
I think a violent disease would be fair

Can't you see that you're dying alone, dying alone
Can't you see that you're dying alone, dying alone

Why can't you see what you're doing to me
is gonna take more than 5 years of silence and drugs to repair
I think a violent disease would be fair

Can't you see that you're dying alone, dying alone
Can't you see that you're dying alone, dying alone

You destroyed me

5 Years of silence
5 years of life alone
