

# Sunlounger feat Zara, Lost

Forget the peace inside  
You've given way to the gods of destruction  
Full of desire  
You feel afraid that there's nothing left  
Oh oh, oh no  
Oh oh, oh no  
The ocean is dry  
Do you feel hollow?  
Nowhere to hide  
And nothing to swallow  
And when you can't recognize  
Anything solid  
Where do you turn?  
When you can't buy it?  
What can you believe in now  
With no love to follow?  
Now that you have lost yourself  
Oh, can anything help you now?  
Just let your fears go  
You might find your way back home  
Let your fears go  
You might find that you're not lost  
Just let your fears go  
You might find your way back home  
Let your fears go  
You might find that you're not lost  
What did you learn?  
What was it worth?  
What did you yearn for?  
Everything's lost now  
And not alone and not alone  
And not alone and not alone  
And not alone and not alone  
And not alone and not alone  
Just let your fears go  
You might find your way back home  
Let your fears go  
You might find that you're not lost  
Just let your fears go  
You might find your way back home  
Let your fears go  
You might find that you're not lost
