

Sunny Ledfurd, Mess In My Head

Mess In My Head
Sunny Ledfurd
(The White Disk)

Its Just the fact we die

Shimmer mer ke Shimmer
Through this mess in my head
Till i fall down with your body
Shimmer through the end

Shimmer mer ke Shimmer
My nose beneathe the ground
Are geez on the lalayz
And one turn all around

CHORUS

I never find myself alone
I never wonder why Its Just the fact we die
I never ever come
Its got my back against the wall____

Shimmer mer ke Shimmer
The sky has no life
I see her reflection
When the clouds cry

CHORUS

I never find myself alone
I never wonder why Its Just the fact we die
I never ever come
Its got my back against the wall____

Shimmer mer ke Shimmer
Through this mess in my head
Till i fall down wit your body
Shimmer through the end

Shimmer mer ke Shimmer
Goddamn these days are too long
No reason to count them
Cause not too soon they'll be gone

CHORUS

I never find myself alone
I never wonder why Its Just the fact we die
I never ever come
Its got my back up
