

# Sunrise Avenue, Choose To Be Me (L.A.O.S. Smile On Mix)

I was raised by this town  
To believe the words they put inside me  
They made me hide  
Inside their loving arms around me

I turned away  
I choose the path that I believe in  
I stand today  
Above the shady nights behind me  
I fear nothing  
But the fact that I'm afraid of everything  
I knew my name  
Would only be for lonely riding

Choose to be me  
To be free to be my way  
I saw the light shining right in my eyes  
Choose to be me  
To be free to be my way

Inside the night  
I write the lonely story of my life  
It makes me cry  
But I want to know it 'til last line  
I fear nothing  
But the fact that I'm afraid of everything  
Destiny blow it away  
I'm made for lonely riding

Choose to be me  
To be free to be my way  
I saw the light shining right in my eyes  
Choose to be me  
To be free to be my way  
With a smile on

Every day my sun keeps rising  
Giving me the strength that I need  
All the faith I need for only you and I

Happiness is here with me  
It's made for all the days I see  
Happiness is holding me around and round and round and round
